Treasurer Lockyer Announces Final Distribution of \$800 Million of Stimulus Funds for Affordable Housing Projects *Aid Helps Provide More Than 9,600 Units and 24,000 Jobs in 34 Counties*

SACRAMENTO – State Treasurer Bill Lockyer today announced the final distribution of more than \$800 million of federal stimulus money to build affordable housing projects for low-income families throughout California.

“These funds have played a vital part in helping to revitalize California’s economy,” said Lockyer. “The program has rejuvenated many stalled projects and helped others get off the ground. In doing so, we’ve created needed affordable housing for working Californians and their families, and helped to put people back to work.”

The California Tax Credit Allocation Committee (CTCAC), chaired by Lockyer, today awarded \$72 million of the federal funds to 21 projects. In all, CTCAC distributed more than \$800 million under the federal stimulus program, helping build more than 9,600 housing units and create more than 24,000 jobs in 34 counties across the state.

CTCAC approved the cash awards in exchange for previously awarded and unused tax-credits. Tax-credits can be used for construction or rehabilitation of low-income housing. Developers sell the credits to attract investment capital that helps finance their projects.

Slumping market conditions deflated the value of tax credits and their viability as a capital-raising tool for developers. Provisions in the American Recovery and Reinvestment Act (ARRA) of 2009 allowed prior tax-credit recipients to exchange those credits for cash at a value of \$.85 for each \$1 of credit. While credits are generally distributed annually over ten years, the exchange funds will be awarded in a lump sum. Developers awarded the cash awards today could have cash in hand in as few as 60 days.

CTCAC administers the federal and state Low-Income Housing Tax Credit Programs. Both programs were created to encourage private investment in affordable rental housing for households meeting certain income requirements. They also administer a Farmworker Housing Assistance Program and a Commercial Revitalization Deduction Program.
