PMIB Meeting  
May 17, 2023

Information Item –  
Creation of New Interest Bearing Demand  
Account with US Bank, N.A.

**MEMORANDUM**

**Date:** May 17, 2023

**To:** Members, Pooled Money Investment Board

**From:** Andre Rivera, Director  
Centralized Treasury and Securities Management Division

**Subject:** New Interest Bearing Demand Account

The Treasurer has established a third interest bearing demand account with U.S. Bank, a state depository bank, for the sole purpose of managing the state's volatility of cash flow and to meet daily liquidity requirements needs, while mitigating the potential negative impacts to the investment program and compensating balances. Cash flow fluctuations occur for a variety of reasons, including unexpected deposits or receipt of funds from taxpayers, unanticipated presentments by banks of State warrants and agency checks, unscheduled payments, and receipts/withdrawals by Local Agency Investment Fund (LAIF) participants after investment activities are completed for the day.

The interest rate for the new account will be equal to the Effective Federal Fund Rate (EFFR) as published by the Federal Reserve Bank of New York on the first business day of the month plus 10 basis points on balances up to \$500 million. Balances maintained in the account above \$500 million will earn the EFFR as published on the first business day of that month, with no adjustment.

The interest income would be calculated on the last day of the month based upon the average daily balance for that month using an Actual/Actual day count. Interest income would be credited to and deposited into the State Treasurer's Office (STO) demand deposit account as of the first day of the new month. All interest income will be apportioned on a quarterly basis by the State Controller's Office pursuant to Government Code Sections 16480.6 and 16475.

The initial target balance for the account will be \$500 million, with a goal of maintaining a minimum average daily balance of \$300 million each month. The balance could also exceed the \$500 million threshold, but excess funds may be transferred out of the account as soon as practical. Similarly, balances below \$500 million may be restored with available excess cash as soon as prudently possible. The account will be collateralized in accordance with State law.

There will be no restrictions on the number of daily/monthly transactions. The fees associated with financial transactions (such as transfers between bank accounts) and the monthly maintenance fee would be at the approved STO bank services fee schedule. This new account will be subject to the same terms and conditions as govern existing STO demand deposit accounts under the current master agreement last amended in July 2010. Either party may request to close the account by providing a 7-day written notice.

**DESIGNATION BY POOLED MONEY INVESTMENT BOARD  
OF TREASURY POOLED MONEY INVESTMENTS AND DEPOSITS**

1887

In accordance with sections 16480 through 16480.8 of the Government Code (GC), the Pooled Money Investment Board, at its meeting on May 17, 2023, has determined and designated the amount of money available for deposit and investment as of May 4, 2023, under said sections. In accordance with sections 16480.1 and 16480.2 of the GC, it is the intent that the money available for deposit or investment be deposited in bank accounts and savings and loan associations or invested in securities in such a manner so as to realize the maximum return consistent with safe and prudent treasury management, and the Board does hereby designate the amount of money available for deposit in bank accounts, savings and loan associations, and for investment in securities and the type of such deposits and investments as follows:

1. In accordance with Treasurer's Office policy, for deposit in demand bank accounts as:

a. Compensating Balance for Services \$ 211,000,000

The active noninterest-bearing bank accounts designation constitutes a calendar month average balance. For purposes of computing the compensating balances, the Treasurer shall exclude from the daily balances any amounts contained therein as a result of nondelivery of securities purchased for "cash" for the Pooled Money Investment Account and shall adjust for any deposits not credited by the bank as of the date of deposit. The balances in such accounts may fall below the above amount provided that the balances computed by dividing the sum of daily balances of that calendar month by the number of days in the calendar month reasonably approximates that amount. The balances may exceed this amount during heavy collection periods or in anticipation of large impending warrant presentations to the Treasury, but the balances are to be maintained in such a manner as to realize the maximum return consistent with safe and prudent treasury management.

b. Interest Bearing Accounts for Cash Flow Variability: \$ 1,500,000,000

|                      |                |
|----------------------|----------------|
| JP Morgan Chase Bank | \$ 500,000,000 |
| Bank of the West     | \$ 500,000,000 |
| US Bank              | \$ 500,000,000 |

The interest bearing bank account designation represents targeted balances to be averaged over one month's period to smooth cash flow variability. The balances may fluctuate above and below these amounts as needed to manage cash flow variances and to meet daily liquidity needs. Interest earnings for these accounts will be calculated according to the terms of the agreement between the Treasurer's Office and the account's depository bank, paid monthly and recorded as a deposit into the state's main demand deposit account, and allocated quarterly by the State Controller's Office as directed by GC 16475 and GC 16480.6.

2. In accordance with law, for investment in securities authorized by section 16430, GC, or in term interest-bearing deposits in banks and savings and loan associations as follows:

|     | From      | To        | Transactions       | In Securities<br>(GC section 16430) | Time Deposits in<br>Various Financial<br>Institutions<br>(GC sections 16503a<br>and 16602) | Estimated<br>Total  |

| (4) | 6/5/2023  | 6/9/2023  | \$ (1,282,900,000) | \$ (18,118,475,000)                 | \$ 5,242,000,000   | \$ (12,876,475,000) |
| (5) | 6/12/2023 | 6/16/2023 | \$ 2,139,000,000   | \$ (15,979,475,000)                 | \$ 5,242,000,000   | \$ (10,737,475,000) |

From any of the amounts specifically designated above, not more than 30 percent in the aggregate may be invested in prime commercial paper under section 16430(e), GC.

Additional amounts available in treasury trust account and in the Treasury from time to time, in excess of the amounts and for the same types of investments as specifically designated above.

Provided, that the availability of the amounts shown under paragraph 2 is subject to reduction in the amount by which the bank accounts under paragraph 1 would otherwise be reduced below the calendar month average balance \$ 211,000,000.
