REQUEST FOR FINANCIAL ADVISORY
STATEMENT OF QUALIFICATIONS

I. OVERVIEW

The State Treasurer’s Office (STO) requests a Statement of Qualifications (SOQs) from financial advisory firms interested in providing financial advisory and related services. Selected firms will be admitted to the STO’s Financial Advisor Pool (Pool) and may be appointed to complete special projects or to serve as a financial or pricing advisor for bonds, notes, and other debt obligations issued by the State of California (State), State Public Works Board, other State agencies, and State conduit financing authorities.

Specific appointments may be made directly from among Pool members in good standing, or upon submission of responses to a supplemental request for qualifications. Financial advisors to State conduit financing authority borrowers typically are not required to be members of the Pool.

BONDS AND NOTES ISSUED BY THE STATE OF CALIFORNIA AND OTHER STATE AGENCIES

General Obligation (GO) Bonds
California voter approved bond acts and the resolutions produced by the finance committees created under the bond acts authorize the issuance of GO bonds. GO bonds, including commercial paper notes, may be issued to finance various projects under the respective bond acts, or refund outstanding GO Commercial Paper Notes.

Revenue Anticipation Notes (RANs)
In accordance with Title 2, Division 4, Part 5 (commencing with Section 17300) of the Government Code, whenever the State Controller determines that monies in the General Fund are, or are expected to be, insufficient for the payment of all appropriations by the Legislature, which are required to be paid in the then current fiscal year out of the General Fund, he or she may draw a demand or demands against appropriations made from the General Fund to be paid in the then current fiscal year prior to the receipt of the income, and deliver the demand or demands to the State Treasurer. The State Treasurer shall register the demands for nonpayment and may issue RANs by resolution pursuant to Government Code Section 17302. This resolution must be adopted by the State Treasurer and approved by the State Controller and the Director of Finance. Authorized RANs are then sold by the State Treasurer from time to time on a negotiated or competitive basis, as the State Treasurer may deem advisable.
The State issues RANs only to raise funds in an amount sufficient to satisfy the State Controller’s registered demand or demands. Any unapplied monies in the General Fund are available for the payment of all notes, and the interest thereon, until the notes and the interest are fully paid and discharged. The State has used RANs in all but two years since 2000-2001, in amounts up to $10 billion.

State Public Works Board (SPWB)
The State builds and acquires certain capital facilities with lease-purchase borrowing. The SPWB issues lease revenue bonds to finance or refinance the construction of various facilities including higher education, correctional facilities, court facilities, and office buildings. The State Legislature must authorize all projects through a budget act appropriation or separate legislation. These facilities are leased to a State agency, the California State University, or a community college district under a long-term lease, which provides the source of debt service payments on the bonds. The Board consists of the Director of the Department of Finance, the Director of the Department of Transportation, and the Director of the Department of General Services. For matters relating to the issuance of lease revenue bonds, the State Treasurer and the State Controller are members of the SPWB.

Special Bond Issues
Occasionally, the State will issue debt by securitizing streams of revenues via a special bond issue, which are payable from anticipated reimbursements or payments such as the Tobacco Settlement Asset-Backed Bonds or the Federal Highway Grant Anticipation bonds (GARVEE).

III. **MINIMUM QUALIFICATIONS**

A. **PUBLIC FINANCE EXPERIENCE** – The firm or its advisors designated to work on State or State conduit authority financing programs, must have a minimum of three years of public finance experience, which may include financial advisory experience or investment banking experience.

B. **REGISTRATION** – The firm must be registered as a Municipal Advisor with both the Municipal Securities Rulemaking Board and Securities and Exchange Commission.

C. **LEGAL DISCLOSURE** – The firm has not disclosed any matters on Attachment F. Registration, Disciplinary Action, that would preclude participation in the Pool as determined by the STO.
D. BOND CAMPAIGN CONTRIBUTION AND SERVICES PROHIBITION CERTIFICATION – Financial Advisor firms applying to the Financial Advisor Pool must provide an Initial Certification, certifying that the firm has in place a policy or procedure requiring that the firm or any municipal advisor professional associated with the firm will not accept any municipal securities business with a municipal entity in California within two years of any contribution made or provided after the date of certification by the firm or any municipal advisor professional associated with the firm to a bond ballot campaign for bonds of the municipal entity. In addition, the STO requires financial advisor firms to certify quarterly that the firm has a policy or procedure in place requiring that the firm or any municipal advisor professional associated with the firm will not accept any municipal securities business with any municipal entity in California within two years of any contribution made or provided after the date of the firm’s Initial Certification by the firm or any municipal advisor professional associated with the firm to a bond ballot campaign for bonds of the municipal entity. If a firm fails to submit the mandatory quarterly Bond Campaign Contribution and Services Prohibition Certification within one week of the deadline (April 30, July 31, October 31, and January 31), the firm may be suspended from the financial advisor pool, be ineligible for appointments, and be required to request reinstatement.

Please see Attachments F and G for defined terms associated with this minimum qualification.

E. QUARTERLY DISCLOSURE REPORT – The STO requires firms selected as members of the Pool to provide quarterly updates regarding any changes to the firm’s ability to meet the minimum qualifications and any disclosure information submitted in the firm’s SOQ in response to this request for qualifications (RFQ). If a firm fails to submit the mandatory quarterly report within one week of the deadline (April 30, July 31, October 31, and January 31), the firm may be suspended from the Pool, be ineligible for appointments, and be required to request reinstatement.

F. PROFESSIONAL LIABILITY INSURANCE – The firm must maintain adequate professional liability (errors and omissions) insurance coverage with either a securities transaction rider or coverage without exclusion for securities transactions.

G. CALIFORNIA TAXPAYER AND SHAREHOLDER PROTECTION ACT OF 2003–U.S. EXPATRIATE CORPORATIONS (PUBLIC CONTRACT CODE SECTIONS 10286 AND 10286.1) – The STO will not contract or otherwise do business – absent a compelling public interest – with publicly held U.S. expatriate corporations. This policy is designed to ensure that companies with which the STO does business meet threshold standards of corporate accountability. If appointed to a State bond issue, the firm will be required to re-certify by signing the engagement letter.
H. DARFUR CONTRACTING ACT OF 2008 – The firm must comply with the Darfur Contracting Act of 2008. The Act was passed by the California Legislature and signed into law by the Governor to preclude State agencies generally from contracting with “scrutinized” companies that do business in the African nation of Sudan (of which the Darfur region is a part), for the reasons described in Public Contract Code section 10475. A scrutinized company is a company doing business in Sudan as defined in Public Contract Code section 10476.

Scrutinized companies are ineligible to, and cannot bid on, or submit a proposal for a contract with a state agency for goods or services. [Public Contract Code section 10477(a)]. Therefore, Public Contract Code section 10478 (a) requires a company that currently has, or within the previous three years has had, business activities or other operations outside of the United States to certify that it is not a “scrutinized” company when it submits a bid or proposal to a State agency. A scrutinized company, however, may still submit a bid or proposal for a contract with a State agency for goods or services if the company first obtains permission from the Department of General Services (DGS), according to the criteria set forth in Public Contract Code section 10477(b).

I. IRAN CONTRACTING ACT OF 2010 – Once appointed to a transaction, the firm must comply with the Iran Contracting Act of 2010. The Act requires that, at the time a firm is selected for any appointment in which the firm may earn at least $1 million in compensation, the firm will be required to certify that it is not on the then current list of persons engaged in investment activities in Iran created by the California Department of General Services pursuant to Public Contract Code section 2203(b) or, in the alternative, should otherwise be eligible to perform financial or pricing advisory services for the State pursuant to Public Contract Code section 2203(c). Please note that if a firm claims the section 2203(c) exemption, additional findings by the STO are required and will be made solely at the discretion of the STO.

With respect to any applicable bond transaction for one of the State’s conduit financing authorities, the required certification shall be made at the time an application for financing is made to the authority.

H. MINORITY OR WOMEN BUSINESS ENTERPRISES (MWBEs)

Although state law no longer establishes participation goals for MWBEs, it does require the STO to report annually to the Governor and the Legislature on the level of participation by MWBEs in contracts for professional bond services awarded (Government Code Section 16855).
