CALIFORNIA DEBT AND INVESTMENT ADVISORY COMMISSION

For over forty years, the California Debt and Investment Advisory Commission (CDIAC) has provided information, education, and technical assistance on debt issuance and public funds investments to local public agencies and other public finance professionals. CDIAC was created in 1981 to serve as the state's clearinghouse for public debt issuance information and to assist state and local agencies with the monitoring, issuance, and management of public debt.

Additional information concerning this report or CDIAC programs may be obtained by contacting CDIAC directly via phone (916) 653-3269, fax (916) 654-7440, e-mail (cdiac@treasurer.ca.gov) or by visiting CDIAC's website: www.treasurer.ca.gov/cdiac.

INTRODUCTION

Constitutional and statutory provisions require voters to authorize general obligation (GO) bonds issued by state and local governments. For bonds issued by the state, the authorization must be made through a statewide election. Local bonds must be approved by voters within the jurisdiction authorizing the bond. The state and local governments must also seek voter approval for levies of certain revenue exactions and taxes. For both state and local measures, the voter approval threshold depends on the type and purpose of the bond or tax (see Figure 1).

After each statewide election, the California Debt and Investment Advisory Commission (CDIAC) publishes a statistical summary and review of bond and tax measures appearing on state and local ballots. This report, the 45th in the series, summarizes the results of bond and tax measures on the June 2, 2026 Primary Election, as well as local elections that occurred on January 20, 2026, January 27, 2026, April 14, 2026, and May 6, 2026. This report also contains appendices which summarize the local elections by county.

* Includes 7 special tax measures, which required majority voter approval, of which 4 measures passed.

GENERAL OBLIGATION BOND MEASURES

- SUPPORT FOR GO BOND MEASURES. Voters approved 63.0% of general obligation bond measures. (Figures 3 & 4)
- VOLUME OF APPROVED MEASURES. Voters approved approximately $1.6 billion (49.2%) in GO bond measures.
- EDUCATIONAL FOCUS. All but one of the general obligation bond measures presented to voters were for K-12 School Facilities or College, University Facility purposes (96.3%). (Figure 4)
- SUPPORT FOR K-12 EDUCATIONAL GO BONDS. Voters approved 67% of the GO bond measures for K-12 School Facilities totaling approximately $1.1 billion.
- NO SUPPORT FOR COLLEGE, UNIVERSITY FACILITY GO BONDS. Voters did not approve either of the two GO bond measures presented.

TAX MEASURES

- SUPPORT FOR TAX MEASURES. Voters approved a combined total of 42 general and special tax measures (63.6%). (Figures 5 and 6)
- SUPPORT FOR SPECIAL TAX MEASURES. Special tax measures had a passage rate of 61.9%.
- MAJORITY GENERAL TAXES VS. MAJORITY SPECIAL TAXES. General tax measures require majority voter approval. For the primary election, general tax measures received moderate support with a 66.7% passage rate. Special tax measures normally require a two-thirds vote, but those placed on the ballot through citizen initiative need only a simple majority. Seven citizen-initiated special tax measures appeared on the primary election ballots requiring only majority approval; these measures had a 57.1% passage rate.
- MAJORITY VS. TWO-THIRDS VOTING REQUIREMENT. There were 35 special tax measures presented to voters on the local and primary election ballots requiring approval from two-thirds of voters. If these measures required a majority vote, 88.6% (31 of the 35 special tax measures) would have passed.
- PURPOSE OF TAXES. Two purposes accounted for over a majority (54.5%) of the tax measures appearing on both the local and primary ballots. These included K-12 School Facility followed by General Government with passage rates of 60.5% and 66.7% respectively.

COMPARISON OF THE 2024 AND 2026 PRIMARY ELECTIONS

- COMPARATIVE PASSAGE RATES. The passage rate of bond and tax measures reflected moderate support during the 2026 Primary Election at 62.9%, a noticeable decline from the strong support demonstrated in the 2024 Primary Election at 72.2%. (Figure 9)
- COMPARATIVE NUMBER OF APPROVED MEASURES. The number of approved measures in 2026 (56), was slightly lower than 2024 (65). (Figure 9)
- TYPE OF LOCAL MEASURES COMPARISON. Special tax measures represented the greatest number of proposed measures on local ballots in 2026 (38); however, in 2024, local GO bonds represented the greatest number of proposed measures (42). (Figure 10)
- GENERAL AND SPECIAL TAX MEASURE PASSAGE RATES. The passage rates for both general tax measures and special tax measures decreased significantly in 2026 at 66.7% and 60.5%, respectively, compared to 92.9% and 75.8% in 2024. (Figure 10)
- GO BOND MEASURE PASSAGE RATES. The passage rate for GO bond measures was slightly higher in 2026 (63.0%) compared to 2024 (61.9%). (Figure 10)
- REGIONAL PASSAGE RATES. In 2026, the Los Angeles region had the highest passage rate at 86.4%. In 2024, Multiple and Bay Area regions had the highest passage rate at 100% and 90.6%, respectively. (Figure 11)
- PASSAGE RATES BY PURPOSE. In 2026, the passage rates for Capital Improvements and Public Works and General Government were the highest at 76.9 and 66.7%, respectively. In 2024, Hospital and Healthcare and Housing received strong voter support at 100% along with Housing at 100%. (Figure 12)
- COMPARATIVE NUMBER OF PROPOSED MEASURES BY PURPOSE CATEGORY. In both Primary Elections, Education had the highest number of measures, with 43 or 48.3% of all measures in 2026 and 52 or 57.8% of all measures in 2024. (Figure 12)
- PUBLIC SAFETY MEASURE PASSAGE RATES. Public Safety measures for fire, police protection, and emergency medical services had a significantly lower passage rate of 44.4% in 2026 compared to 76.9% in 2024. (Figure 12)
- CANNABIS MEASURES. Cannabis measures typically used for General Government purposes had only three measures presented in 2026, whereas only one was presented in the 2024 Primary Election, and all were approved by voters.

Figure 9 provides a summary of the passage requirements for the bond and tax measures appearing on the 2024 and 2026 Primary Election ballots.

SUMMARY

In the 2026 Primary Election, voters showed moderate support of the ballot measures presented to them – a significant decline from the generally good support achieved during the 2024 Primary Election with approval rates of 62.9% and 72.2%, respectively. Although the 2024 Primary contained one statewide GO bond measure, the overall number of local ballot measures presented to voters was the same (89) for both the 2024 and 2026 Primary Elections.

In both Primaries, measures for *Education* purposes comprised the highest concentration of ballot measures: 57.8% in 2024 and 48.3% in 2026. However, there was an overall decrease of 17.3% in the number of *Education* measures with 52 presented in 2024 versus 43 in 2026. When compared by passage rates, 2024 had a higher passage rate for education measures (65.4%) than those presented in 2026 (60.5%).

Ballot measures for both *Capital Improvements and Public Works* and *General Government* increased significantly from 2024 to 2026 at rates of 160% (5 to 13) and 71.4% (14 to 24) respectively. However, the passage rate for *Capital Improvements and Public Works* at 80% and 76.9% in 2024 and 2026 Primaries differed greatly from the outcome for *General Government* measures which decreased from 92.9% in 2024 to 66.7% in 2026. Voter support was weak overall in 2026 for Public Safety measures (44.4%) compared to relatively good support in 2024 (76.9%).
