INDEPENDENT AUDITOR'S REPORT

Board Members
California Educational Facilities Authority
Sacramento, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the California Educational Facilities Authority (CEFA) as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CEFA as of June 30, 2025 and 2024, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CEFA and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note H to the financial statements, CEFA implemented Governmental Accounting Standards Board Statement No. 101, Compensated Absences. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CEFA's ability to continue as a

To the Board Members
California Educational Facilities Authority, California

going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CEFA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CEFA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, Schedule of Proportionate Share of Net Pension Liability and Schedule of Contributions to the Pension Plan, Schedule of Changes in the Net OPEB Liability and Related Ratios and Schedule of Contributions to the OPEB Plan be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required

To the Board Members
California Educational Facilities Authority, California

supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise CEFA's basic financial statements. The accompanying Schedule of Bonds Issued and Outstanding are presented for purposes of additional analysis and are not a required part of the basic financial statements. This schedule has not been subjected to the auditing procedures applied in the audit on the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2026, on our consideration of CEFA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of CEFA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering CEFA's internal control over financial reporting and compliance.

Richardson & Company, LLP

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED JUNE 30, 2025, 2024, AND 2023

This section of the financial statements of the California Educational Facilities Authority (CEFA) presents management's discussion and analysis of the financial performance during the fiscal years (FY) ended on June 30, 2025, 2024, and 2023. Please read it in conjunction with the financial statements that follow this section.

GENERAL BACKGROUND, OVERVIEW AND PROGRAMS

CEFA was established in 1973 for the purpose of issuing revenue bonds to assist private non-profit institutions of higher learning in the expansion and construction of educational facilities.

CEFA provides students with better access and broader opportunities in higher education by providing qualified non-profit private higher education institutions with the assistance needed to reduce their capital costs of financing academic-related facilities through a tax-exempt revenue bond program. Additionally, CEFA administers the College Access Tax Credit Fund (CATCF) and is responsible for allocating and certifying tax credits for individuals, businesses, and insurance companies that would go to the California Student Aid Commission to fund their Cal-HBCU Transfer Grant Program.

Conduit Financing Activity

During FYs 2025, 2024, and 2023, CEFA issued bonds totaling \$1,083,975,000, \$151,790,000, and \$303,540,000, respectively. As of June 30, 2025, CEFA's total conduit debt issued was approximately \$16 billion, and the total conduit debt outstanding was approximately \$5.1 billion. As of June 30, 2024, total conduit debt issued was approximately \$14.9 billion and total conduit debt outstanding was approximately \$4.3 billion. As of June 30, 2023, total conduit debt issued was approximately \$14.7 billion and total conduit debt outstanding was approximately \$4.3 billion.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements of CEFA include the Independent Auditor's Report, Management's Discussion and Analysis (MD&A), basic financial statements, accompanying notes and supplementary information.

REQUIRED FINANCIAL STATEMENTS

CEFA's financial statements report information using accounting methods similar to those used by private sector companies. These statements offer both short-term and long-term financial information about its activities.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED JUNE 30, 2025, 2024, AND 2023

The *Statements of Net Position* include CEFA's assets, deferred outflows, liabilities, deferred inflows, and net position for FYs 2025, 2024, and 2023 and provide information about the nature and amounts of investments in resources (assets) and the obligations to CEFA's creditors (liabilities) (see Table 1).

Table 1			
Statements of Net Position			
	2025	2024 (Restated)	2023
Assets			
Current Assets	\$ 1,695,196	\$ 1,544,333	\$ 1,415,340
Non-Current Assets	519	1,555	2,593
Total Assets	<u>1,695,715</u>	<u>1,545,888</u>	<u>1,417,933</u>
Deferred Outflow of Resources	<u>205,675</u>	<u>325,705</u>	<u>331,684</u>
Total Assets and Deferred Outflow of Resources	<u>\$ 1,901,390</u>	<u>\$ 1,871,593</u>	<u>\$ 1,749,617</u>
Liabilities			
Current Liabilities	\$ 46,954	\$ 67,618	\$ 39,059
Non-Current Liabilities	<u>834,249</u>	<u>1,307,019</u>	<u>1,377,143</u>
Total Liabilities	<u>881,203</u>	<u>1,374,637</u>	<u>1,416,202</u>
Deferred Inflow of Resources	<u>101,448</u>	<u>258,108</u>	<u>270,474</u>
Net Position			
Net Investments in Capital Assets	519	1,555	2,593
Restricted for Educational Purposes	<u>918,220</u>	<u>237,293</u>	<u>60,348</u>
Total Net Position	<u>918,739</u>	<u>238,848</u>	<u>62,941</u>
Total Liabilities, Deferred Inflow of Resources, and Net Position	<u>\$ 1,901,390</u>	<u>\$ 1,871,593</u>	<u>\$ 1,749,617</u>

CEFA's financial position strengthened considerably in FY 2025 as Total net position rose to \$918,739 in FY 2025 from \$238,848 in FY 2024, primarily driven by a combination of growth in Total assets and a significant decline in Total liabilities. Total liabilities declined to \$881,203 in FY 2025 from \$1,374,637 in FY 2024, largely due to a decrease in Non-current liabilities. This reduction was primarily driven by a significant decline in the Other Post-Employment Benefits (OPEB) liability, which decreased from \$660,146 in FY 2024 to \$265,252 in FY 2025. Additional contributing factors included Net pension liability, which declined from \$575,792 in FY 2024 to \$528,075 in FY 2025, along with the payoff of the Loan payable – SMIF (SB 84) in FY 2025. Total assets and Deferred outflow of resources totaled \$1,901,390 in FY 2025, compared to \$1,871,593 in FY 2024, with Current assets continuing to represent the majority of the balance, consisting primarily of Cash and cash equivalents and Receivables for services. Current assets also includes Due From State – External Funds, which are revenues from CATCF and from

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

MANAGEMENT’S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED JUNE 30, 2025, 2024, AND 2023

the California Health Facilities Financing Authority (CHFFA) that CEFA charges for staff time working on CHFFA programs, such as CHFFA’s Bond Financing Program and the Healthcare Expansion Loan Program II. Deferred outflow of resources and Deferred inflow of resources both decreased year-over-year, reflecting the timing of certain revenue and expense recognition. Overall, these changes reflect improved financial stability and a stronger balance sheet.

The *Statements of Revenues, Expenses, and Changes in Net Position* accounts for all revenues earned and expenses incurred by CEFA for the FYs 2025, 2024, and 2023. These statements reflect the results of CEFA’s operations in each of the respective years (see Table 2).

Non-Operating Revenues			
Interest and Investment Income	58,174	46,995	22,803
Change in Net Position	679,891	202,250	389,828
Net Position - Beginning of Year	238,848	62,941	(326,887)
Change in accounting principle (GASB 101)	-	(26,343)	-
Net Position - End of Year	<u>\$ 918,739</u>	<u>\$ 238,848</u>	<u>\$ 62,941</u>

CEFA reported a Change in net position of \$679,891 in FY 2025, a substantial increase from \$202,250 in FY 2024, reflecting significantly improved performance during the year. This increase was primarily driven by higher total operating revenues, particularly Fee revenue, which rose to \$580,312 in FY 2025 compared to \$377,340 in FY 2024, indicating strong activity related to bond financing and associated fees. Total operating expenses decreased to \$256,119 in FY 2025 from \$527,589 in FY 2024. This was largely due to a significant shift in Pension and OPEB expenses, which declined from negative \$75,434 in FY 2024 to negative \$479,241 in FY 2025, due to pension-related accounting adjustments and actuarial changes recorded during the year. As a result, Operating income increased significantly to \$621,717 in FY 2025 from \$155,255 in FY 2024. In addition, Non-operating revenues, which includes Interest and investment

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

MANAGEMENT’S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED JUNE 30, 2025, 2024, AND 2023

income, increased to \$58,174, further contributing to the overall growth in Net position. CEFA’s practice of charging staff time to CATCF and the CHFFA programs continues to support operating revenues, with amounts varying based on staff time dedicated to those programs. With continued positive changes in Net position, CEFA’s year-end Net position increased to \$918,739, highlighting the Authority’s improved financial position.

The *Statements of Cash Flows* provide information about CEFA’s cash receipts and cash payments during the FYs 2025, 2024, and 2023. These statements report cash receipts, cash payments, and net changes in cash resulting from operations, capital financing, and investment activities. The statements provide answers to questions about where cash came from, what cash was used for, and what caused changes in cash for the reporting period covered (see Table 3).

Table 3			
Statements of Cash Flows			
	<u>2025</u>	<u>2024</u> <u>(Restated)</u>	<u>2023</u>
Cash Flows From Operating Activities			
Net Cash Provided (Used) by Operating Activities	\$ 20,889	\$ 284,972	\$ (99,877)
Cash Flows from Investing Activities			
Net Cash Provided by Investing Activities	56,990	42,122	16,624
Net Increase (Decrease) in Cash and Cash Equivalents	77,879	327,094	(83,253)
Beginning Cash and Cash Equivalents	<u>1,249,370</u>	<u>922,276</u>	<u>1,005,529</u>
Ending Cash and Cash Equivalents	<u>\$ 1,327,249</u>	<u>\$ 1,249,370</u>	<u>\$ 922,276</u>

Cash activity in FY 2025 reflects a moderate increase in overall liquidity, with ending cash and cash equivalents reaching \$1,327,249 in FY 2025, up from \$1,249,370 in FY 2024. While cash balances continued to rise, the Net increase in cash and cash equivalents of \$77,879 in FY 2025 was notably lower than the \$327,094 reported in FY 2024. This change was primarily driven by a decline in Cash flows from operating activities, which totaled \$20,889 in FY 2025 compared to \$284,972 in the prior year, reflecting differences in the timing of cash receipts and payments. Cash flows from investing activities increased to \$56,990 in FY 2025 and partially offset the lower operating cash flows. Overall, the year-over-year variation highlights the impact of timing-related fluctuations in fee collections and related inflows, rather than a fundamental shift in underlying operations. Despite the smaller increase, cash balances remain strong and continue to provide adequate liquidity to support CEFA’s ongoing operations.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2025 and 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of CEFA have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies of CEFA are described below.

Organization and Reporting Entity: CEFA, a state agency within the California State Treasurer’s Office, was created by Chapter 1432, Statutes of 1972, which became effective March 7, 1973, and was subsequently amended. Legislation pertaining to the Act is contained in Division 10, Part 59, Chapter 2 of the California Education Code commencing with Code Section 94100.

CEFA was created for the purpose of issuing revenue bonds to assist private non-profit institutions of higher learning, in the expansion and construction of educational facilities. Because CEFA is authorized to issue tax-exempt bonds, CEFA may provide more favorable financing to such private institutions that might otherwise be obtainable.

The law specifically provides that bonds issued under the Act shall not be a debt, liability, or claim on the faith and credit or the taxing power of CEFA, the State of California, or any of its political subdivisions. The full faith and credit of the participating institutions, however, is normally pledged to the payment of the bonds. Bonds are issued at either public or private sales after details of the proposed project and satisfactory evidence of the ability of the participating institution to meet financial obligations have been submitted to CEFA and approved by the Board. The Educational Facilities Authority Fund (EFAF) is maintained within CEFA.

CEFA contracts with the California State Treasurer’s Office to provide administrative support including, but not limited to accounting, budgets, data processing, personnel, legal, insurance, and business services.

Effective January 1, 1996, legislation was passed to consolidate the California Student Loan Authority (CSLA) with CEFA.

The CSLA was originally established for the primary purpose of financing insured student and parent loans directly to students. Following the consolidation with CEFA, CEFA was authorized to issue negotiable revenue bonds in order to provide funds for achieving its purposes and to assign and pledge all or any portion of its interests in insured loans or the revenue therefrom for the benefit of holders of CEFA’ bonds. However, the Student Loan Program was closed on June 30, 2014.

Additionally, legislation in 2014 authorized CEFA to administer the College Access Tax Credit Fund (CATCF) and is responsible for allocating and certifying tax credit for individuals, businesses, and insurance companies.

Basis of Presentation – Fund Accounting: CEFA’s resources are allocated to and accounted for in these basic financial statements as an enterprise fund type of the proprietary fund group. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other policies. Net position for the enterprise fund represents the amount available for future operations.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting: The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The enterprise fund type is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. Net position is segregated into amounts invested in capital assets, amounts restricted and amounts unrestricted. Enterprise fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

CEFA uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principle operations of CEFA. Operating revenues consist primarily of charges for services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions or ancillary activities.

Cash and Cash Equivalents: CEFA's cash and cash equivalents are considered cash and short-term investments that are held on deposit with the State Controller's Office. Cash receipts and disbursements of CEFA are made through a cash pool maintained by the State Controller.

Accounts Receivable: Accounts receivable consist primarily of initial and annual administration fees receivable from conduit bond financing borrowers.

Capital Assets: Capital assets are recorded at cost and consist of furniture, fixtures and equipment. The costs of normal maintenance and repair that do not add to the value of the assets or materially extend asset lives are not capitalized. Capital assets are depreciated using the straight-line method over three to five years.

Net Position: Net position is categorized as net investment in capital assets, restricted and unrestricted. As of June 30, 2025 and 2024, all of the net position of CEFA is classified as restricted by enabling legislation for purposes specified in the Act and as described in Note A.

General and Administrative Expenses: CEFA is subject to an allocation of intradepartmental support costs in accordance with an agreement between CEFA and the State Treasurer's Office (STO). Such costs could affect CEFA's financial position or operating results in a manner that differs from those that might have been obtained if CEFA was autonomous. CEFA records these costs as invoiced by STO for the fiscal year and allocates the costs to its different programs. However, the allocation is subject to review and adjustment subsequent to year-end. All adjustments are included on the STO invoices and recorded in the period in which the adjustment is identified.

Compensated Absences: CEFA accrues unpaid vacation, personnel holiday, excess hours, compensating hours, holiday credit, and personal leave that is payable when employees separate from employment. CEFA also accrues sick leave expected to be used for time off. Unused vacation may be accumulated up to a specified maximum and is paid at the time of termination from employment. Accrued vacation and sick leave follow state employees from agency to agency and are not necessarily earned since the inception of CEFA's fund. Sick leave is accrued based on estimated usage. The cost of compensated absences is recorded in the period earned. Additional information on compensated absences is contained in the financial statements of the State of California for the years ended June 30, 2025 and 2024.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Inflows and Outflows: The statement of net position includes a separate section for deferred outflows and deferred inflows of resources. *Deferred outflows of resources* represent a consumption of net assets by the government that is applicable to a future reporting period. *Deferred inflows of resources* represent an acquisition of net assets that is applicable to a future reporting period. These amounts will not be recognized as an outflow of resources (expenditures/expense) or an inflow of resources (revenue) until the earnings process is complete. Deferred outflows and inflows of resources include amounts deferred related to CEFA's pension plan under GASB 68 as described in Note F and OPEB plan under GASB Statement No. 75 as described in Note G.

Pensions: For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pension, and pension expense, information about the fiduciary net position of CEFA's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions are recognized when due and payable in accordance with the benefit terms). Investments are reported at fair value.

Other Postemployment Benefits Plan (OPEB): For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of CEFA's portion of the State Substantive Plan (OPEB Plan) and additions to/deductions from OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, the OPEB benefit payments are recognized when currently due and payable in accordance with the OPEB benefit terms. Investments are reported at fair value.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

New Pronouncements: In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This statement requires that liabilities for compensated absences be recognized for leave that has not been used that is attributable to services already rendered, accumulates and is more likely than not to be used for time off or paid in cash or settled through noncash means and leave that has been used but not paid in cash or settled through noncash means. CEFA implemented this Statement during the year ended June 30, 2025. The effect of this change is disclosed in Note H.

In April 2024, the GASB issued Statement No. 103, *Financial Reporting Model Improvements*. This Statement was a result in changes to the financial reporting model including the Management's Discussion and Analysis, display of inflows and outflows of unusual and infrequent items, and changing the definition of proprietary fund nonoperating revenues and expenses. The provisions of this Statement are effective for years beginning after June 15, 2025.

In September 2024, the GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*, that requires certain types of assets to be disclosed separately in the note disclosures and establishes requirements for capital assets held for sale. The provisions of this Statement are effective for fiscal years beginning after June 15, 2025.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In December 2025, the GASB issued Statement No. 105, *Subsequent Events*, which is designed to improve the financial reporting requirements for subsequent events. The requirements of Statement 105 are effective for fiscal years beginning after June 15, 2026.

CEFA continues to analyze the impact of the required implementation of these new statements, however, CEFA expects no significant impact.

NOTE B – CASH AND INVESTMENTS

Deposits in SMIF: CEFA’s cash is held in the State’s Surplus Money Investment Fund (SMIF). SMIF is part of the State’s Pooled Money Investment Account (PMIA), which as of June 30, 2025 and 2024, had a balance of \$180.4 billion and \$179.4 billion, respectively. The weighted average maturity of PMIA investments was 248 and 217 days as of June 30, 2025 and 2024, respectively. The total amount of deposits in SMIF was \$72.5 billion and \$75.0 billion as of June 30, 2025 and 2024, respectively. All of the resources of SMIF are invested through the Pooled Money Investment Board and is administered by the office of the State Treasurer. The fair value of CEFA’s investment in this pool is reported in the accompanying financial statements at amounts based upon CEFA’s pro-rata share of the fair value provided by SMIF for the entire SMIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by SMIF, which are recorded on an amortized cost basis. As of June 30, 2025 and 2024, CEFA’s invested funds in SMIF in the amount of \$1,323,000 and \$1,243,000, respectively. During the year ended June 30, 2025, CEFA earned interest and investment income in the amount of \$58,174, of which \$13,687 is receivable as of June 30, 2025. During the year ended June 30, 2024, CEFA earned interest and investment income in the amount of \$46,995, of which \$12,503 is receivable as of June 30, 2024.

Disclosures regarding interest rate risk, credit risk, concentration of credit risk, custodial risk and other additional detailed disclosures required by GASB regarding cash deposits and investments, are presented in the financial statements of the State of California for the years ended June 30, 2025 and 2024.

NOTE C – CAPITAL ASSETS

Capital asset activity for the fiscal years ended June 30, 2025 and 2024, was as follows:

	<u>Balance</u> <u>July 1, 2024</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance</u> <u>June 30, 2025</u>
Capital assets, being depreciated and amortized:				
Equipment	\$ 12,259			\$ 12,259
Less accumulated depreciation and amortization for:				
Equipment	<u>(10,704)</u>	<u>\$ (1,036)</u>		<u>(11,740)</u>

	<u>\$ 1,434,372</u>	<u>\$ 18,781</u>	<u>\$ (106,507)</u>	<u>\$ 1,346,646</u>	<u>\$ 39,627</u>

Note: The change in compensated absence liability is presented as a net change.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE D – LONG-TERM LIABILITIES (Continued)

Loan Payable: During the fiscal year ended June 30, 2018, SMIF made a contribution to the Plan of \$111,000, on behalf of CEFA, as required by Senate Bill No. 84, Chapter 50, Statutes of 2017 (SB 84), to fund future Net Pension Liabilities. CEFA established a loan payable to SMIF for this contribution as required by SB 84. This loan payable is required to be repaid by CEFA by June 30, 2030. The outstanding balance on the loan payable as of June 30, 2024 was \$34,243. The loan payable was repaid as of June 30, 2025.

NOTE E – CONDUIT FINANCING ACTIVITY

CEFA acts as a conduit by assisting eligible borrowers with access to low interest rate capital markets through the issuance of tax-exempt revenue bonds. The financings are secured by the full faith and credit of the participating institutions, and CEFA has no obligation for the repayment of the bonds beyond the resources provided by the participating institution. As a result, the financing obligations are not recorded in CEFA’s financial statements. The borrowers’ obligations generally are, but need not be, secured by insurance, a letter of credit or guaranty. At June 30, 2025 and 2024, the aggregate amount of CEFA’s conduit debt obligations outstanding issued on behalf of program participants totaled \$5,122,316,924 and \$4,304,668,630, respectively. CEFA’s conduit financing activity for the year ended June 30, 2025 is as follows:

	Debt issued during fiscal year 2025 (third party debt)	Debt outstanding at June 30, 2025 (third party debt)
Qualified Private Activity Debt		
Qualified 501(c)(3) Nonprofit - Educational Facility Bonds	<u>\$ 1,083,975,000</u>	<u>\$ 5,122,316,924</u>

CEFA’s conduit financing activity for the year ended June 30, 2024 is as follows:

	Debt issued during fiscal year 2024 (third party debt)	Debt outstanding at June 30, 2024 (third party debt)
Qualified Private Activity Debt		
Qualified 501(c)(3) Nonprofit - Educational Facility Bonds	<u>\$ 151,790,000</u>	<u>\$ 4,304,668,630</u>

NOTE F – EMPLOYEE RETIREMENT PLAN

Plan Descriptions: All qualified employees are eligible to participate in CEFA’s agent multiple employer defined benefit pension plans administered by the California Public Employees’ Retirement System (CalPERS). Departments and agencies within the state, including CEFA, are in a cost-sharing arrangement in which all risks and costs are shared proportionately by participating state agencies. Since all state agencies and certain related organizations, including CEFA, are considered collectively to be a single employer for plan purposes, the actuarial present value of vested and non-vested accumulated plan benefits attributable to the CEFA employees cannot be determined. The significant actuarial assumptions used to compute the actuarially determined state contribution requirements are the same as those used to compute the state pension benefit obligation as defined by CalPERS.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE F – EMPLOYEE RETIREMENT PLAN (Continued)

CEFA has the following rate plans:

- Miscellaneous Plan Tier 1
- Miscellaneous Plan Tier 2

The California Legislature passed, and the Governor signed, the “Public Employees’ Pension Reform Act of 2013” (PEPRA) on September 12, 2012. PEPRA contained a number of provisions intended to reduce future pension obligations. PEPRA primarily affects new pension plan members who are enrolled for the first time after December 2012. Benefit provisions and other requirements are established by state statute. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website at www.calpers.ca.gov.

Benefits Provided: CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members become fully vested in their retirement benefits earned to date after five or ten years of credited service.

The Plans’ provisions and benefits in effect at June 30, 2025 and 2024 are summarized as follows:

	Miscellaneous Plan Tier 1		
	Prior to January 15, 2011	January 15, 2011 to December 31, 2012	On or after January 1, 2013
Hire date			
Benefit formula	2.0% @ 55	2.0% @ 60	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50 - 63	50 - 63	52 - 67
Monthly benefits, as a % of eligible compensation	1.0% to 2.5%	1.092% to 2.418%	1.0% to 2.5%
Required employee contribution rates	8.000%	8.000%	8.000%
Required employer contribution rates 2025	31.89%	31.89%	31.89%
Required employer contribution rates 2024	30.87%	30.87%	30.87%

	Miscellaneous Plan Tier 2	
	Prior to January 1, 2013	On or after January 1, 2013
Hire date		
Benefit formula	1.25% @ 65	1.25% @ 67
Benefit vesting schedule	10 years service	10 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 67	52 - 67
Monthly benefits, as a % of eligible compensation	0.5% to 1.25%	0.65% to 1.25%
Required employee contribution rates	0.000%	0.000%
Required employer contribution rates 2025	31.89%	31.89%
Required employer contribution rates 2024	30.87%	30.87%

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE F – EMPLOYEE RETIREMENT PLAN (Continued)

Contributions: Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. CEFA is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2025 and 2024, contributions to the Plan were \$69,704 and \$81,320, respectively.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions: As of June 30, 2025 and 2024, CEFA reported net pension liabilities of \$528,075 and \$575,792 for its proportionate share of the net pension liability of the Plan.

CEFA’s net pension liability is measured as the proportionate share of the net pension liability. The net pension liability is measured as of June 30, 2024, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023 rolled forward to June 30, 2024 using standard update procedures. CEFA’s proportion of the net pension liability was based on a projection of the long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. CEFA’s proportionate share of the net pension liability for the Plan as of June 30, 2023 and 2024 was as follows:

Proportionate share - June 30, 2024	0.0015%
Proportionate share - June 30, 2023	0.0015%
Change - Increase (Decrease)	0.0000%
Proportionate share - June 30, 2023	0.0015%
Proportionate share - June 30, 2022	0.0017%
Change - Increase (Decrease)	-0.0002%

For the years ended June 30, 2025 and 2024, CEFA recognized a pension credit of \$13,073 and \$34,402, respectively.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE F – EMPLOYEE RETIREMENT PLAN (Continued)

At June 30, 2025, CEFA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	2025		2024	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 69,704		\$ 81,320	
Change in assumptions	17,162	\$ (1)	29,885	\$ (1)
Differences between actual and expected experience	28,461	(5,136)	27,593	(8,942)
Change in employer's proportion	21,040	(48,862)	23,239	(80,418)
Net differences between projected and actual earnings on plan investments	25,371		69,707	
Total	<u>\$ 161,738</u>	<u>\$ (53,999)</u>	<u>\$ 231,744</u>	<u>\$ (89,361)</u>

The \$69,704 and \$81,320 reported as deferred outflows of resources related to contributions subsequent to the measurement date at June 30, 2025, and 2024, respectively, will be recognized as a reduction of the net pension liability in the following fiscal year.

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions at June 30, 2025 will be recognized as pension expense as follows:

Fiscal Year Ended	
June 30	
2026	\$ 7,541
2027	37,601
2028	(536)
2029	(6,574)
	<u>\$ 38,032</u>

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE F – EMPLOYEE RETIREMENT PLAN (Continued)

Actuarial Assumptions: The total pension liabilities in the June 30, 2024 and 2023 actuarial valuations were determined using the following actuarial assumptions:

	June 30, 2025	June 30, 2024
Valuation Date	June 30, 2023	June 30, 2022
Measurement Date	June 30, 2024	June 30, 2023
Actuarial Cost Method	Entry-Age Normal	Entry-Age Normal
Actuarial Assumptions:		
Discount Rate	6.90%	6.90%
Inflation	2.30%	2.30%
Projected Salary Increase	Varies by entry age and service	Varies by entry age and service
Mortality	Derived using CalPERS membership data for all funds (1)	Derived using CalPERS membership data for all funds (1)

(1) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 2001 to 2019. Pre-retirement and Post-retirement mortality rates include generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.

For the June 30, 2024 and 2023 actuarial valuations post-retirement benefit increases are based on contract COLA up to 2.30% until Purchasing Power Allowance floor on purchasing power applies, 2.30% thereafter.

Discount Rate: The discount rate used to measure the total pension liability was 6.90% for the June 30, 2024, and 2023 measurement dates. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 6.90% discount rate is adequate, and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 6.90% will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report called “GASB Crossover Testing Report” that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds’ asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11 + years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE F – EMPLOYEE RETIREMENT PLAN (Continued)

The table below reflects the long-term expected real rate of return by asset class as of the measurement dates of June 30. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	2025		2024	
	Assumed asset allocation	Real return (1) (2)	Assumed asset allocation	Real return (1) (2)
Global Equity - Cap-weighted	30.0%	4.54%	30.0%	4.54%
Global Equity - Non-Cap-weighted	12.0%	3.84%	12.0%	3.84%
Private Equity	13.0%	7.28%	13.0%	7.28%
Treasury	5.0%	0.27%	5.0%	0.27%
Mortgage-backed Securities	5.0%	0.50%	5.0%	0.50%
Investments Grade Corporates	10.0%	1.56%	10.0%	1.56%
High Yield	5.0%	2.27%	5.0%	2.27%
Emerging Market Debt	5.0%	2.48%	5.0%	2.48%
Private Debt	5.0%	3.57%	5.0%	3.57%
Real Assets	15.0%	3.21%	15.0%	3.21%
Leverage	(5.0)%	(0.59)%	(5.0)%	(0.59)%

(1) An expected inflation of 2.30% used for this period.

(2) Figures are based on the 2021 Asset Liability Management study.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents CEFA’s proportionate share of the net pension liability, calculated using the discount rate, as well as what CEFA’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	2025	2024
1% Decrease	5.90%	5.90%
Net Pension Liability	\$ 801,462	\$ 835,457
Current Discount Rate	6.90%	6.90%
Net Pension Liability	\$ 528,075	\$ 575,792
1% Increase	7.90%	7.90%
Net Pension Liability	\$ 299,885	\$ 359,000

Pension Plan Fiduciary Net Position: Detailed information about the plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE G – OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description: The State also provides postemployment medical and prescription drug benefits to employees and dependents through CalPERS under the Public Employees' Medical and Hospital Care Act, and dental benefits under the State Employees' Dental Care Act. Benefits are set and may be amended by the State. The OPEB Plan is an agent multiple-employer defined benefit OPEB plan administered by the State.

The State has identified 25 separate valuation groups within the State Plan. For each agency and/or fund, the State Controller's Office (SCO) determined the proportion of pensionable compensation attributable to employees within these valuation groups. SCO then used these proportions to allocate the OPEB accounting elements from the June 30, 2024, and 2023, State of California Retiree Health Benefits Program Actuarial Valuation Report to State agencies and their funds.

Benefits Provided: In accordance with the California Government Code, the State generally pays 80% of the health insurance premium cost for annuitants, plus 80% of the additional premium required for the enrollment of family members of annuitants. The State generally pays all or a portion of the dental insurance premium cost for annuitants, depending upon the completed years of credited state service at retirement and the dental coverage selected. The maximum 2024 monthly State contribution was \$983 for one-party, \$1,890 for two-party coverage, and \$2,366 for family coverage. The maximum 2023 monthly State contribution was \$883 for one-party, \$1,699 for two-party coverage, and \$2,124 for family coverage. To be eligible for these benefits, primary government first-tier plan annuitants must retire on or after age 50 with at least five years of service, and second tier plan annuitants must retire on or after age 55 with at least 10 years of service. In addition, annuitants must retire within 120 days of separation from employment to be eligible to receive these benefits.

Contributions: The design of the postemployment health and dental benefit programs can be amended by the CalPERS Board of Administration and the California Department of Human Resources, respectively. Employer and retiree contributions are governed by the State and may be amended by the Legislature.

CEFA participates in the State's Plan on a cost-sharing basis. The State funds the cost of providing health and dental insurance to annuitants primarily on a pay-as-you-go basis. The State obtains an annual actuarial valuation of the State's Plan which can be found on the SCO's website, at www.sco.ca.gov. Contributions to the State's Plan from CEFA were \$12,826 and \$32,272 for the fiscal year ended June 30, 2025 and 2024, respectively.

Net OPEB Liability, OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB: At June 30, 2025 and 2024, CEFA reported a liability of \$265,252 and \$660,146, respectively, for its proportionate share of the State's Plan net OPEB liability. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2024. CEFA's proportionate share, based on its attributable employee valuation group's pensionable compensation, as of June 30, 2025 and 2024 was 0.0003989% and 0.001058%, respectively.

For the fiscal year ended June 30, 2025 and 2024, CEFA recognized an OPEB credit of \$466,168 and \$41,032, respectively. The SCO's policy is to fully expense each year's proportionate share change adjustment. CEFA followed this policy and fully expensed its proportionate share change adjustment.

At June 30, 2025 and 2024, CEFA reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE G – OTHER POST EMPLOYMENT BENEFITS (OPEB) (Continued)

	2025		2024	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions subsequent to measurement date	\$ 12,826		\$ 32,272	
Changes in assumptions	11,725	\$ (33,128)	37,004	\$ (111,593)
Changes in non-investment experience	18,293	(13,081)	20,235	(55,724)
Changes in investment experience	1,093	(1,240)	4,450	(1,430)
Total	<u>\$ 43,937</u>	<u>\$ (47,449)</u>	<u>\$ 93,961</u>	<u>\$ (168,747)</u>

The \$12,826 and \$32,272 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability during the following fiscal year.

Other amounts reported as deferred inflows of resources related to OPEB will be recognized in CEFA's OPEB expense as follows:

Year Ending June 30	
2026	\$ (4,716)
2027	(4,852)
2028	(5,353)
2029	(4,450)
2030	(656)
Thereafter	<u>3,689</u>
	<u>\$ (16,338)</u>

Actuarial Assumptions: For the measurement period ended June 30, 2024 (the measurement date), the total OPEB liability was determined using a June 30, 2024 valuation date. The June 30, 2023 beginning total OPEB liability was determined by rolling back the June 30, 2024 total OPEB liability. The June 30, 2024 total OPEB liability was based on the following actuarial methods and assumptions:

CALIFORNIA EDUCATIONAL FACILITIES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

June 30, 2025 and 2024

NOTE G – OTHER POST EMPLOYMENT BENEFITS (OPEB) (Continued)

Valuation Date:	June 30, 2024
Actuarial Cost Method:	Entry-Age Normal
Actuarial Assumptions:	
Discount Rate	Blended rate consisting of 6.00% when assets are available to pay benefits, otherwise 20-year Municipal G.O. Bond AA Index rate of 3.97%
Inflation	2.30%
Salary Increases	Varies by entry age and service
Health care cost trend rates	<i>Pre-Medicare coverage and Post-Medicare coverage</i> : Actual rates for 2025, increasing to 6.01% in 2026, graded down over a nine-year period until a trend rate of 4.50% in 2035, remains at 4.50% for four years until the ultimate rate of 4.25% is reached in 2040. <i>Dental coverage</i> : 0.00% in 2025, 2.00% for 2026, 3.00% for 2027, 4.00% for 2028, and 4.25% for 2029 and beyond.
Mortality Rate Table	Derived using CalPERS' Membership data for all members

The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using the Society of Actuaries 90% Scale MP 2016. For more details on this table, refer to the 2017 *CalPERS Experience Study and Review of Actuarial Assumptions* report (Experience Study) for the period from 1997 to 2015. Other demographic assumptions used in the June 30, 2019 valuation were also based on the results of the Experience Study, including updates to termination, disability, mortality assumptions, and retirement rates. The Experience Study report can be obtained from CalPERS' website at www.calpers.ca.gov.

Healthcare related assumptions such as plan participation, aging factors, adjustments for disabled members, and adjustments for children of current retirees and survivors are based on the 2018 experience study performed by Gabriel, Roeder, Smith and Company (GRS) for the period from 2014 to 2018. Other healthcare assumptions such as member healthcare plan selection, coverage and continuance, select and ultimate healthcare cost trend rates, and per capita claim costs and expenses, are based on the most current information available. A copy of the GRS experience study available at www.sco.ca.gov.

Changes in Assumptions: For the actuarial valuation as of June 30, 2024, healthcare related assumptions, including per capita healthcare cost and healthcare trend rates, were updated based on experience through June 30, 2024. The discount rate was 6.00% and the inflation rate was 2.30% as of June 30, 2024.

Discount Rate: The blended rates used to measure the June 30, 2024 total OPEB liability consist of the 20-year Municipal G.O. Bond AA Index rate of 3.97% as of June 30, 2024, as reported by Fidelity, when prefunding assets are not available to pay benefits, and 6.00% when prefunding assets are available to pay benefits. The cash flow projections used to calculate the blended discount rates were developed assuming that prefunding agreements in which actuarial determined normal costs are shared between employees and the State will continue and that the required contributions will be made on time as scheduled in future years. The prefunding agreements are subject to collective bargaining and legislative approval.

Detailed information on the blended discount rates by valuation group is available in the *State of California Retiree Health Benefits Program GASB Nos. 74 and 75 Actuarial Valuation Report as of June 30, 2024*, on the State Controller's Office website, at www.sco.ca.gov.

June 30, 2025 and 2024

NOTE G – OTHER POST EMPLOYMENT BENEFITS (OPEB) (Continued)

The long-term expected rate of return on OPEB plan investments was determined by Gabriel, Roeder, Smith & Company using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. Expected compound (geometric) real returns were calculated over a closed period. Based on separate expected real returns for the short-term (first 10 years) and the long-term (11-40 years), and an average inflation assumption of 2.30%, a single expected nominal return rate of 6.00% was calculated for the combined short-term and long-term periods. If applied to expected cash flows during that period, the resulting present value of benefits is expected to be consistent with the present value of benefits that would be determined by applying the short and long-term expected rates to the same cash flows.

The following table reflects the long-term expected real rate of return by asset class.

Asset Class	Target Asset Allocation	Real Return Years 1 - 5	Real Return Years 6 - 20
Global Equity	49.0%	4.40%	4.50%
Fixed Income	23.0%	(1.00)%	2.20%
Treasury Inflation-Protected Securities	5.0%	(1.80)%	1.30%
Real Estate Investment Trusts	20.0%	3.00%	3.90%
Commodities	3.0%	0.80%	1.20%

Changes in the Net OPEB Liability: The change in net OPEB liability for the plan is as follows:

	Increase (Decrease)

Total OPEB liability	\$ 580,416	\$ 660,146	\$ 761,548

OPEB Plan Fiduciary Net Position: Detailed information about the State’s Plan fiduciary net position is available on CalPERS website in an annual report titled “California Employers’ Retiree Benefit Trust, Agent Multiple-Employer Other Postemployment Benefits Plan, Schedule of Changes in Fiduciary Net Position by Employer.”

NOTE H – RESTATEMENT

CEFA implemented GASB 101, Compensated Absences, during the year ended June 30, 2025. This implementation resulted in the restatement of the 2024 financial statements. CEFA previously only accrued a compensated absences liability for unused vacation. Under GASB Statement No. 101, CEFA accrues sick leave as part of the compensated absences liability that is more likely than not to be used by employees for time-off in addition to sick leave payable at retirement. Due to the implementation of this statement, the current compensated absences liability increased by \$25,678. Total net position as of July 1, 2023 and operating expense and the change in net position for the year ended June 30, 2023 were restated as follows:

	As Previously Reported	Change in Accounting Principle for GASB 101	As Restated
Net Position as of July 1, 2023	\$ 62,941	\$ 26,343	\$ 36,598
Accrued compensated absences at June 30, 2024	\$ 50,587	\$ 25,878	\$ 76,465

COMPLIANCE REPORT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

To the Board Members
California Educational Facilities Authority
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the California Educational Facilities Authority (CEFA) as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, which collectively comprise CEFA's basic financial statements, and have issued our report thereon dated May 27, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered CEFA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of CEFA's internal control. Accordingly, we do not express an opinion on the effectiveness of CEFA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether CEFA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
